

## Prevention

Develop an emergency response plan

Conduct regular exercises to evaluate plans and train the participants

Incorporate emergency response awareness into employee training

Maintain an adequate security force using both employees and congregation volunteers

Train mailroom staff and receiving personnel to recognize suspicious mail, packages, shipments, or deliveries

## Protection

### Physical Security

- Barriers to keep vehicles away from critical assets and from areas where large numbers of people congregate
- Install intrusion detection systems and alarms as appropriate
- Install barriers to protect doors and windows from small arms fire and explosive blast effects
- Install barriers at HVAC systems to prevent the introduction of chemical, biological or radiological agents into the building
- Evaluate the need for perimeter barriers (e.g., fences, berms, concrete walls) around facility
- Secure dumpsters and other trash containers to prevent hiding of explosives or other hazardous materials

### Access Control

- Provide adequate door and window locks, barred entryways, and fencing and gate locks to areas where access is to be limited
- Evaluate the need for an electronic access control system

### Surveillance

- Video
  - Evaluate needs and design a monitoring and surveillance program that is consistent with mission
  - Provide visual surveillance capabilities for sensitive and critical assets at the facility
  - Continuously monitor all people entering and leaving the facility; train monitors to detect suspicious behavior
- LPR
  - Evaluate the benefits of an LPR system

## Mitigation

### Notification System

- Install system(s) that provide communication with all individuals at the facility, including employees, security force personnel, congregation members and visitors

### Evacuation

- Identify entry and exit points to be used in an emergency

Establish and maintain safe refuge locations

## Response

### First Responders needs

- Go-bags

### Medical Care

- TECC kits

## Recovery

### Immediate

- Reunification

### Short-Term

- Vigils/Memorials
- Continuity of Operations

### Long Term

- Insurance
- Continuity of Operations
